

Bill Jolly and "Songproduction" Services:

- Original music, lyrics or melodies to accompany any unfinished song ideas.
- Song repair. We can restore, reprogram, rebuild or replace most damaged audio recordings.
- Complete backing tracks to any commercial song, in any key, in any style and in any tempo of your choice.
- "Sound alike" license friendly remakes of standard hits for use in commercials and movies with vocals.
- Custom lead sheets or arrangements of your songs to send off for copyright purposes.
- Overdubs. Beef up your original music tracks with today's sounds or make them feel as retro as you like. We'll arrange your music and add the orchestration, keyboards , vocals or any sounds or effects of your liking.
- Simple backing tracks. Need a simple piano or guitar track added? No problem.
- Editing. Tune up the vocal pitch or fix timing (or the actual notes sung or played) to save a great performance that's not quite correct.
- Professional "session singers," lead and background vocalists of your choice to convey your songs so that the people you're pitching will really listen. Male or female, kids to adults, any ethnicity. Rappers available also.
- Audio or midi backing tracks for your live shows. (sync'd to the drummer if needed.)
- Original music created for your TV, film , theatrical and commercial projects.
- Restoration of old audio recordings, transfer of vinyl to CD and edit any preexisting audio.
- Arrange or rearrange any song to fit any style you want, including remixes.
- Mix or remix your music with digital automation.
- Master your audio recordings for that radio ready sound.
- Transfer any file format to any other file format.
- Transfer music to any electronic file needed. Ex. wav file, MP3, etc.

Recording Studio Services

Bill really does it all. From simple demo recordings to major label releases. All the production work, programming, engineering, arranging, editing, mixing, mastering, vocal coaching and recording is done in his own recording studio. Bill will play all the instruments for you. If you need help completing your songs, he will co-write with you or (if needed) can create personalized songs for you to sing from scratch. Recordings can be transferred into any format you prefer including Pro Tools. All you have to do is bring your idea and your talent. Bill fills in whatever is missing.

Music Tracks

Bill can reproduce ANY musical track or instrumental track in any key, tempo or arrangement that you desire.

Video Editing

Bill can take your video tapes or live performances and edit together a video resume or demo reel onto DVD.

Live Recording

Capture the moment and record your choir, band or act live in concert with Bill's mobile recording package.

Sound Installation/ consulting

Bill fixes and designs sound systems for churches. Audio, video, musical instruments, microphones, monitors or any design flaws are diagnosed and fixed. Create and edit your own radio or TV broadcast or update old systems. Lessons for "church audio engineers" also available.

Lead Sheets and Charts

Copyright your songs or arrange for others to perform your music. Bill will write your music out for you.

Commercials for TV/ Radio

Bill does custom radio/ TV commercials. Sing your own praises or have others do it for you.

Musical Direction for Live Events

Need musicians, choirs or dancers to back your artist? Need musical direction for a theatre presentation or live concert? Or just need a trio to play soft music? Bill can put it all together for you.

Marketing

Bill can help to pitch your songs to artists/ TV and Film companies who are looking.

Don't see what you're looking for? Just ask. We can probably get it done for you!
